# Seattle Lighting Company (Gas)

First Mortgage Gold 5s

Dated March 21, 1904. Due March 1, 1944. Optional on and after March 1, 1910, at 110 and interest. Interest payable March 1 and September 1 at the Banking house of N. W. Harris & Company in New York. Denomination, \$1,000.

Manhattan Trust Co., New York, trustee.

The Seattle Lighting Company, a consolidation of the Seattle Gas and Electric Company with the Citizens' Light & Power Company, does THE ENTIRE GAS BUSINESS OF THE CITY OF SEATTLE, WASHINGTON, to-gether with its adjoining suburb of Ballard, thus serving an estimated population of over 120,000.

For the six months ending April 30, 1904, the combined earnings of the two companies were officially reported as

Gross earnings......\$214,242.87 Operating expenses ...... 114,335.91

Net earnings ..... \$99,906.96

Net earnings for the six months more than sufficient to pay the interest charge on the entire \$1,700,000 bonds. outstanding, for the entire year.

Owing to the excellent field for operation, the prominent interests connected with this property, the growing prosperity of Seattle and the security back of these bonds, we consider them a safe and desirable investment.

> Price and Special Circular on Request. Our July Bond List on Application.

## N. W. Harris & Company

204 Dearborn Street

New York

CHICAGO.

To the Holders of the Capital Stock of the

### MEXICAN GENTRAL BAILWAY COMPANY, Limited:

In view of the large floating debt of the Company, of the recent effort to classify the Board of Directors without previous notice to the stockholders, and of the published call by Bankers for the deposit of bonds for the protection of the interests of the bondholders of the Company, it seems necessary that a committee should be formed for the protection of the interests of the stockholders, and we have, at the request of holders of considerable amounts of stock, consented to act as such committee.

An agreement for this purpose has accordingly been prepared, dated May 24, 1904, copies of which can be obtained at the office of the Depositary. Central Trust Company of New York, No. 54 Wall Street, New York City, and at the agency of the Depositary, Old Colony Trust Company, Ames Building, Boston, Mass.

Holders of stock may deposit the same under said agreement with the Depositary in the City of New York, or in Boston at its said agency. Stock deposited may be withdrawn, without charge as provided in the agreement. Certificates of the Depositary will be issued for the stock deposited, and an application will be made as soon as practicable to have such certificates listed upon the New York Stock Exchange.

The right is reserved to terminate the privilege of deposit at

any time without previous notice. Dated, New York, May 24, 1904.

WILLIAM L. BULL, New York, Chairman. ROBERT B. VAN CORTLANDT, New York, GERALD L. HOYT, New York,

CORDON ABBOTT, Boston, F. G. BANBURY, Bart., M. P., London,

New York, June 21.—Bar silver Engl., London, June 21.—Bar silver Engl. Treasury Statement. Washington, June 21 - Available cash balan

Telephones Ordered Out of Exchange New York June B.—The telephones of seven firm, members of the New York. Stock Exchange, were ordered out of the exchange to-day by the exchange authorities, for alleged connection with members of the Consolidated Stock Exchange. No public explanation was given unit the lima affected refused to discuss the matter.

**DULLNESS CHARACTERIZES** NEW YORK STOCK MARKET.

UNDERTONE, CONTINUES FIRM.

Sentiment as the Future Outlook.

New York, June 23.-Excessive duliness and sluggishness were the features of the stock market to-day. The undertone was firm, and isolated advances in specialties helped the market sympathetically, but ome of the specialties which performed that function yesterday were inclined to react to-day, and so had their influences in confusing the movement of the mar-

ket.

The narrow fluctuations of prices, however, were above last night's level for the most of the day. It is evident that convictions on the ultimate outlook are by no means firmly held by speculators in stocks, on the part of those, at least, who have sufficient means to express their convictions in operations in stocks.

ACTIVITY PARALYZED.
Sentiment is decidedly mixed between those who see current unfavorable news sufficiently discounted in the present desometenity encounted in the present de-clines in the market and who expect the developments to be towards improvement and those who fear a continuance of shrinkage of trade and industry. In-stead of inducing opposing speculative operations, this conflict of opinion seems to paralyze activity and accentuate the conservatism and even timidity which prevails.

conservatism and even timidity which prevails.

This spirit seems to be a fair reflection of that existing in the business world at large, and its alteration there is awaited to stir the securities market, whether for an advance or a decline. Owing to the importance attached to the iron and steel trades, as an index of general trade, United States Steel preferred has a very influential sympathetic effect on the whole market. Its immobility to-day, in contrast to its recent advance, commulcated a tendency to the whole market. Amalgamated Copper's unresponsiveness to news of a favorable judicial decision in Montana was also regarded as highly significant of the quiescence of a party of capitalists whose market movements are closely watched for leadership by the rank and file of speculators.

RAILWAY EARNINGS. RAILWAY EARNINGS.

Increases in May net earnings by rea-son of reduced operating expenses for Wa-

increases in May net earnings by reason of reduced operating expenses for Wahash and Central of New Jersey revealed a tendency from which much ihoped toward reassurance of capital.
Some firmness in the wheat market was
attributed rather to reports of damake
to foreign harvests than to any harm to
our own crops, from which the news was
favorable.

The failure of a savings bank in Massaclusetts on account of "poor investments"
was of effect on sentiment rather from
its example of a constant succession of
such events than from its individual importance, which was insignificant.

The stringent disciplinary measures administered to members by the Stock Exchange authorities for relations with outside organizations against the exchange
rules may have some restrictive effect on
the dealings. The newly re-elected American Steel foundry stocks were dealt in
at quotations considerably below the last
prices for them before they were strickeh
from the Stock Exchange lat. Changes
for the day were insignificant.

Bonds were firm. Total sales, par value
£2.720,000. United States bor, is were unchanged on call.

Mining Stocks in New York. New York, June 31.—Closing quotations to-da n mining stocks mere as follows:

### BEARISH CROP BEPORTS

1-8c AT CLOSE.

Corn and Oats Remain Unchanged-Provisions Up 21-2c to 10c.

Chicago, June 22.-Bearish reports from the Northwest and Southwest regarding the condition of the wheat crop brought out sufficient sales to-day to cause a slight Corn and oats are unchanged. Provisions are up 21/2c to 10c.

WHEAT. When trading began in the wheat pit there were several factors of a bullish character in evidence, the most promicharacter in evidence, the most promi-nent being higher cables and reports of unfavorable weather in Argentina. There was a fair demand at the start and the market opened quite firm, initial quota-tions on July being unchanged to a shade higher, at \$475c to \$57675c. Sept. was unchanged at \$75c. During the carly part of the session offerings were light, result-ing in a still firmer tone. A decline of \$5 per cent in primary receipts, compared with a year ago, was an influential fac-tor in giving encouragement to the buil element.

A big storm in Hungary infliction

tor in giving encouragement to the bull element.

A big storm in Hungary inflicting severe damage to crops was another incentive to buy wheat. The effect of this demand was an advance to 80% in July and 80% in Sept. As the resision progressed numerous messages were received from the Southwest referring to the increased amount of new wheat being delivered at country stations, and to the excellence of its quality and heaviness of yield as claimed by the farmers. Reports from the Northwest also were favorable and a private crop report showed a fair improvement in the condition of the crop.

Toward the end of the session these bearish influences overcame the effect of the early bull factors, and for the remainder of the day the market was subjected to considerable selling pressure. The demand was not equal to the supply, and in convenience a week undertant event. der of the day the market was subjected to considerable selling pressure. The demand was not equal to the supply, and in consequence a weak undertone developed, July selling off to 89%c. Sept. declined to 79%c. The close on both Sept. and July was at the low point.

Clearances of wheat and flour were equal to 40,990 bu. Primary receipts were 215,000 bu., compared with 20,000 bu. a year ago. Minneapous Duluth and Chicago reported receipts of 152 cars, against 256 cars ast weck and 209 cars a year ago.

CORN.

Immediately after the opening an urgent demand from shorts for July corn caused demand from shorts for July corn caused a slight flurry in the market for that cereal, forcing the price of July nearly a cent above yesterday's closing figure. On the navance offerings were quite liberal resulting in a reaction. Firm cables and small primary receipts were buil factors. The market closed steady with July 'sc lower at 48%c, after selling between 48%c and 48%c. Sept. opened a shade to '49%c higher at 48%c to 48%c, sold between 48%c and 48c and closed at 48%464%c. Local receipts were 218 cars, 18 of contract grade.

OATS. OATS.

Influenced by a bearish private crop report, the oats market displayed a weak undertone. Estimated small receipts for to-morrow and the early strength of the wheat helped to steady the market. July closed '480'c lower at 234'6255c. Sept. opened unchanged to a shade higher at 22c to 275c, sold between 31'525c and 25'ac and closed at 22c. Local receipts were 16'0 cars.

ions were firm on moderate supm packers. The principal demand Ribs were up 507%c at ated receipts for to-morrow: 9 cars; corn, 305 cars; oats, 67 cgs, 20,000 head.

RKETS BY TELEGRAPH. Marchardt M. Control Cont

George Schnettler, a painter, of No. 2905 North Twenty-second street, died yesterday at the home of his brother. No. 2021
Vest avenue. He was injured June II,
while driving south on Broadway at De
Soto avenue. He was in a wagon containing two iong ladders, and met the children of the Garnett School at Adelaide
and Bulwer avenues, who were marching
to a picnic. They were making noise and
the horse became frightened and ran
away. The wagon upset and the ladders
were thrown on top of Schnettler, causing
him to sustain the injuries of which he
died.

Estate to Wife and Children. France to wife and children.
Francis Gorman, by his will filed for probate yesterday, left & each to his children, Frank P., John J., Daniel. Charles, James P., Mary, Henry B., Edward S., Paul and Hanora Gorman and the rest of his estate to hi mwife, whom he named executrix without bond. The will was witnessed by fames R. Kincaly and Andrew E. Kessel.

## BRING OUT GRAIN SALES. SUMMARY OF ST. LOUIS MARKETS

In yesterday's local grain market there was a sharp reaction from the previous In yesterday's local grain market there was a snarp reaction from the preventional day's weakness. At the opening buying was brisk on unexpectedly strong cables, which indicated that foreign traders were not inclined to notice occasional liquidation on this side. Liverpool opened firm and later advanced on reports that unfavorable conditions prevailed in the Argentine. Showers had fallen in portions of the winter belt and there were prospects of more rain. Light local receipts also helped the upward movement. Advices from the Northwest said that there had been too much moisture. All together the news was rather colorless, but it had to be accepted as a basis for speculation. The cash demand was not heavy and there was little improvement in the outside inquiry. Buying was mainly by shorts and local professionals with an eye single to quick profits. That scalpers were active was shown in the last hour, when there was a disposition to let go on each slight advance. It was a desultory, half-holiday sort of market.

Under the impetus of moderate buying, corn scored a slight advance. Cables were steady, receipts were light and the weekly report of the Cincinnati Price Current was

July wheat opened 1/61/2c up and closed 1/2c up. July corn opened 1/2 up and closed 1/4c up. July outs closed 1/4c off.

Receipts of produce were moderate and prices of fruits and vegetables were gen-

Local-securities were fairly active. Transit was easy and other issues had some

Yesterday's bank clearings were \$5,186,168, balances \$1,437,354. Discount rates were steady between 4% and 6 per cent. Spot cotton was firm in the local market.

#### **GRAIN PRICES HIGHER** ON BULLISH REPORTS.

PART OF EARLY ADVANCE IS WIPED OUT.

Market Is Rather Colorless With Trading Mainly by Scalping Professionals.

Grain values were on the advance in verterday's market. While the news was not of a startling character it was presdmitic enough to alarm a small but growing coterie of shorts. Cables were higher on reports of damage in the Argentine. Local receipts were small and there were predictions of more rain, both in the win-

predictions of more raim, both in the winter and spring belts.
July wheat opened 1/674c up and sold at:
50, 57465c, 574c, 574c, 574c, 574c
574c, 574c, 574c, 574c

Corn was higher on steady cables, light
receipts and prospects of unfavorable
weather. While the volume of trading was
small, the market had fair support during
the greater portion of the session.
July corn opened 1/5c up and sold at:
61c, 674c, 674c, 674c, 674c, 674c, 674c, 674c, 674c.
